Message from the Mayor

As we prepare for the Winter holiday season, we offer our best wishes to you and your family. May you enjoy time spent together with friends and loved ones. With our current snow conditions and the potential for severe weather, we have provided a checklist for you to keep handy. Being prepared is the key to getting through harsh weather conditions, both in your home and in your vehicle.

I would also like to take this opportunity to thank some of our residents. There are people who take the time to help another without being asked, just for the sake of being a "good neighbor". It is this quality that helps make our village a community. You know who you are and I thank you. Good neighbors set an example for us to follow and I encourage you to reach out to those who may need assistance or support during extreme weather conditions.

In the coming months, council and administration will be reviewing work plans and budgets for 2020.

On behalf of the Summer Village of Sandy Beach,

Mayor Gordon Drybrough
